PERSONAL CALLS

Government telephones are provided for official use only and ARE NOT TO BE USED FOR MAKING PERSONAL CALLS (Use public telephones for personal calls)

TRANSFERRING CALLS

To transfer an incoming call from the public to another number depress the handset plunger for one second and release. Wait until the operator comes in on your line, then request her to transfer the call.

Thru-Dial calls originating from other government agencies of the Inter-departmental Dial System (IDS) cannot be transferred.

TIPS FOR BETTER TELEPHONE SERVICE

1. Government telephones are extremely busy in the afternoon between 2 p.m. and 5 p.m. Try to schedule important calls at other times during the day.
2. If you obtain information from an operator, record this information for future reference.
3. If the party you are calling is busy, leave your name and number and have the party return your call rather than "HOLD" the line. This will free the equipment for other calls.
4. Discourage prolonged conversations to relieve busy network conditions.
5. Attempt to answer all calls on the first ring. Give priority to the long-distance caller.
6. Do not use the commercial long-distance network for calls outside the 50¢ (effective August 4, 1975) limit area. These calls greatly increase your agency's bill. Use the Federal Telecommunication System (FTS) and save the taxpayer's money.
7. Use IDS codes for making inter-government calls. Each local call prefixed by 9, except between Government Centrex, costs the Government 5¢.

Fire or Other Evacuation

An employee discovering a fire will immediately summon assistance by activating the nearest fire alarm box located on corridor walls or by telephoning the FPS Control Center.

Buildings occupied by DHEW are equipped with gongs or bells to signal emergency evacuation. When the evacuation alarm is heard, employees will proceed immediately to the nearest stairwell and down the stairs to the first floor, exiting the building by the closest exit.

Employees will be assisted by members of the Facilities Self Protection (Warden) Organization who are posted in corridors, stairway entrances, exits, etc.

Elevators or escalators are not to be used except by the fire department or members of the Wardens Organization.

Civil Defense

Civil Defense shelter areas in DHEW occupied buildings are marked and are normally located in interior corridors.

Employees will proceed immediately to shelter areas in the event the Enemy attack warning signal is sounded. This signal is explained on the back cover of this book.

The Office of Investigations and Security, Office of the Secretary, maintains liaison with all law enforcement agencies. This office will provide assistance and information to employees in all matters pertaining to security, investigations concerning fraud, facilities self-protection and other investigative and security matters.

INFORMATION AND LOCAL DIALING INSTRUCTIONS FOR GOVERNMENT CENTREX TELEPHONE SERVICE

Metro Centrex System was established for the Department in the Southwest Washington Area. The Centrex telephone system now serving many of the Federal Agencies in the Metropolitan D.C. area is divided into four, individual, centrex dialing zones. These zones are known as dialing zone A, dialing zone B, dialing zone C, and dialing zone D. Telephones serving DHEW in Southwest Washington, D.C. are in Dialing zone B.

Telephoning within a centrex dialing zone is accomplished on an extension to extension, dial-up basis. To complete a call within a centrex dialing zone, dial the last five digits of the desired number.

Calls between centrex dialing zones are completed by dialing 9 plus the seven digit centrex number. To complete a call from one dialing zone to another dialing zone dial 9 plus the desired seven digit centrex number.

Calls between Centrex Government agencies and non-centrex Government agencies are completed through the facilities of the Inter-Departmental Dial System (IDS). To complete a call from a centrex dialing zone to a non-centrex Government agency, dial the IDS code for the agency and the desired extension.
